*Re: In the Matter of Applications of Comcast Corporation, General Electric Company
and NBC Universal, Inc. for Consent to Assign Licenses or Transfer Control of
Licensees, MB Docket No. 10-56*

Dear Ms. Dortch:

On January 7, 2011, Mark Cooper, Director of Research of the Consumer Federation of America met with Joshua Cinelli, Media Advisor for Commissioner Copps, and discussed the key conditions that should be placed on the transfer of licenses in the above captioned proceeding that would ensure the post-merger market would be more conducive to the development of competitive delivery of TV programming over the Internet. He covered three areas, availability of NBC programming to over-the-top TV providers, carriage of over-the-top programming to Comcast's broadband Internet access customers, and availability of broadband Internet access services in Comcast service areas.

Respectfully

/s/ Mark Cooper
